Easy Camp® **Range 2014**

2014 Adventures start here! Smart, fun and reliable, Easy Camp offers unrivalled value for money. With camping solutions for all, we're the ideal choice for youngsters, couples and young families.

For 2014, the Easy Camp brand continues to deliver one-stop shopping for campers keen to keep costs down whether they are 'having a go', returning to camping with a young family or partying with friends. With new colours, careful updating and new products, Easy Camp maintains its position as a brand of fresh character well aware of the need for careful budgeting by entry level and occasional campers.

The carefully targeted ranges cover all angles from funky festivals to family fortnights in packages that hit key price points and build sales. Carefully chosen materials and components plus our depth of design and manufacturing experience ensure that our customers get a compelling selection of reliable camping gear.

EXCURSION is a completely new tent range developed for young couples and families seeking weekend-plus camping. Positioned under the TOUR range, it offers exceptionally keen prices and outstanding value for money. TOUR tents offer plenty of living

space and now all have a D-shaped front door and an Awning option for all models.

The CARNIVAL range sees new pop-up tents – The Funsters! Lively, fresh design and easy living are central here with the updated Antic Punk plus the continuing theme of customisation seen in the striking white Tipi.

All EXPLORER tents are updated and continue to offer entry level options that appeal to younger campers and families seeking top value for money who still want to enjoy the design detail that helps to make camping comfortable.

Updates for the GO range see all models benefitting from a detachable bathtub groundsheet, plus fresh colours and redesign.

New colours for the MOTOR TOUR campervan drive-away awnings complement current trends. UTILITY TENTS enjoy the addition

of a Daytent with large windows and a 3x3m Tarp for extra site shelter. Simplicity and great value for money are the cornerstones of the SUMMER range of beach and festival shelters that now has furniture to match.

Colour updates sharpen up our sleeping bag ranges that cover all bases from sleepovers and festivals to family camping and caravanning. New designs, materials and colours maintain the contemporary appeal of our rucksacs, daysacs, duffles and holdalls.

Furniture sees new designs, features and colourways across the ranges of beach, folding and tent seating with bright, cheery colours complementing the SUMMER tent range. Tent furniture enjoys new table sizes to suit all groups of family and friends.

The range of Accessories has been extended significantly with a wide selection of those small items that complete and enhance the camping experience.

Easy access for all!

Easy Camp icons
offer design detail
at a glance

Tent features

Achieving the right balance between price and quality is a cornerstone of the success Easy Camp shares with customers. Our drive to offer outstanding value for money and our expertise in matching materials and designs mean we have a great deal to share! With so much to say, our practical, easy to understand system of icons delivers a simple, direct way of communicating features.

Comfort and safety are key concerns for campers so all Easy Camp tents have fire retardant flysheet fabric with watertight seams and a waterproof hydrostatic head rating suited to their specific use. Floors are hard-wearing, easy-care polyethylene whilst inners use breathable polyester fabric with mesh doors and vents to ensure a comfortable night's sleep and to keep bugs at bay. Sturdy fibreglass poles and steel uprights help Easy Camp tents cope with the worst weather conditions.

We describe our bedrooms (inner tents) by the number of campers that they will sleep comfortably and, where relevant,

advise if the tent has room for adults to stand up straight inside – often a key factor in tent purchase.

The Easy Camp icons highlight a tent's key features and, used with the specification panel, they allow customers to check a tent's waterproof properties, stability and comfort levels quickly before considering product detail.

We pride ourselves on making Easy Camp products as easy to understand as they are reliable to use.

THE CARNIVAL RANGE

CARNIVAL tents are ideal for individuals who enjoy festivals and weekend adventures whilst having fun with friends in easy pitching, lightweight tents that add bright colour and style to their camping experience.

CARNIVAL tents are perfect for youngsters making fashion statements outdoors. Fast to pitch and easy to use, the pop-up designs offer instant shelter so the focus stays on party fun not fuss. Bold colourways combine contemporary style with retro echoes whilst individual expression can find its outlet by decorating the blank sides of the all-white Tipis.

New for 2014 are the Funsters two-person models featuring striking design motifs; large side vent and a mesh door panel ensure excellent ventilation options. Full mesh doors on the Antic and Tipi tents are great for hiding from bugs whilst still sharing the vibe. Party animals can recover through the day in the all-black designs that cut out sunlight. Competitively priced, reliable quality is backed by fire retardant waterproof fabrics with watertight seams.

Just add individuals!

new Funster

Instant pop-up shelter out of the bag and smart styling with three colourways make the new two-person Funster single skin tents stand out from the crowd. Large side vent and a mesh door top panel (with zip-closed waterproof backing curtain) offer excellent ventilation options.

for new campers**

The **EXPLORER** Range

The EXPLORER range is ideal for new campers looking for a wide choice of versatile tents for weekend fun and longer holidays. From small domes to large vis-à-vis models, there's a tent for all reasons.

The Easy Camp stamp of simple, quality designs and vibrant colours combined with practical features is the competitively-priced choice for young families, couples and friends setting out on camping adventures.

The style is modern, the features, fabrics and components are all well-proven and the value for money is unbeatable!

The designs are stable and durable, pitching is simple, packed sizes are small, ventilation is excellent, maintenance is easy

and prices are keen – the perfect package for building sales and happy customers.

For 2014, all colours are updated with a combination of strong blue and a lovely warm yellow.

Just Add New Campers!

updated Comet 200

outdoor life**

Ideal for lightweight camping, all GO tents offer generous sleeping, living and storage space for campers on the move. Competitively priced designs make weekend trips and touring to discover the joys of outdoor living accessible to all.

At Easy Camp, we never rest in our search to maintain interest and build sales. For 2014, the whole GO range benefits from a colour style update to offer an even fresher look in green and grey to the already sporty and classic designs.

Sturdy dome and tunnel designs offer the quality, performance and value for money that marks Easy Camp out as a brand for making the most of life outdoors. Well-proven over time by many thousands of happy campers on the move, all tents now include a detachable bathtub groundsheet for easier tent life.

Young families, couples and friends have a number of options to choose from depending on how they plan to travel and how many are in the party. Driving, backpacking, paddling or on two wheels, the GO range is packed with practical features to ensure everybody has a great time.

Just Add a Spirit of Adventure!

updated

Top value tents!
**Smart designs
for budget
campers**

The EXCURSION Range

The brand new EXCURSION tents offer outstanding value for money in a focused range for weekend camping and longer holidays – the perfect choice for families with young children and young couples.

Developed with value for money as a priority, EXCURSION is a brand new, entry level range for weekend campers, suitable also for longer holidays. Easy Camp uses performance fabrics and components matched to dynamic designs with quality manufacturing underpinned by the drive to offer very competitive prices for budget campers.

The EXCURSION range ticks all these boxes in three models that are sure to excite campers' interest. Aimed at small

families with young children or young couples, the designs offer huge sleeping and living space, packed with features that will not break the bank. Smartly coloured in grey with yellow accents, all have a full-size toggle-up bathtub groundsheet, large windows and anti-bug mesh doors, plenty of ventilation, pre-angled poles with colour-coded mid-sections and ample headroom.

Just Add the Countryside!

The TOUR Range

It's chill-out time!

**Perfect for starters,
with more choice
than ever before**

Fully featured with high specifications and easy to pitch for beginners, the TOUR tent range offers keen prices, reliable performance and plenty of space for new family campers embarking on an exciting outdoor lifestyle.

Ideal for folk new to camping, the easy-to-use tents offer loads of flexible space and top value for money whether for weekends or longer holidays. Each is packed with features designed to make the camping experience comfortable and safe, including fully sewn-in groundsheets.

Young couples and families with small children will appreciate the versatility of the well-proven models in the tunnel design options that maximise internal space. The smart lines of these dependable tents are complemented by the stylish Forest Green fabric colour.

For 2014, all TOUR designs enjoy the convenience and easy access of a D-shaped front door, plus each tent in the range now has an awning that extends the generous usable living and storage space even further whatever the weather turns out to be.

No-fuss camping is the reward customers can enjoy.

Just Add Families!

Boston 300

Sleeping three, great headroom and the ample living area make the Boston 300 a popular choice with couples seeking extra space and flexible outdoor living. Large windows give an airy feel and a deep porch offers even more storage space and shelter. For 2014, a new awning option and D-shaped door extend the appeal.

MOTOR TOUR Range

The MOTOR TOUR Range

The flexibility of the three MOTOR TOUR awnings is matched by high specification and very attractive prices for new campers and those seeking top value for money.

Couples and young families can easily extend the outdoor living space and sleeping comfort of their campervan, van or MPV by attaching a smart awning for reliable shelter. Stylish grey and black colourways complement any vehicle with attachment heights ranging from 170cm to 210cm.

Large panoramic windows with mesh panels, durable groundsheets and mesh doors allow a bright, airy feel inside without being plagued by insects while curtains and a

zip-down door ensure privacy when needed. Large vents ensure ventilation without draughts.

With extra space and convenience for eating or sleeping and optional Carpets and Footprints, MOTOR TOUR awnings also offer plenty of storage room and make great changing rooms by the beach.

Just Add Vehicles!

Silverstone

The Silverstone awning offers extra living, eating or storage space, with full standing height, attached directly to the side of a vehicle. Large windows add to the spacious feeling inside and the front door doubles as a canopy. The secure clip on pole system helps to make pitching quick and easy.

**Here comes
summer!**

**Ideal portable shelters
for the beach, festivals, camp-
site or garden**

The **SUMMER** Range

Even sun-worshippers need shelter from the heat at times and everybody wants to escape the wind and rain. The SUMMER range of lightweight shelters offers weather-protection in bright, cheery colours that bring a smile to everybody's face.

Families with young children welcome the shade and shelter of the designs and upbeat colours in the SUMMER range. Everybody benefits from the style and superb value for money. Simple in concept but smart in detail, the neat products complete the holiday check list. Festival-goers too will appreciate how easy it is to spot the sunshine colours!

The Coast umbrella combines protection from the elements with a detachable groundsheet – no more sand in sandwiches!

Ocean pops up out of the carrybag for instant shelter that can be pegged down on blowy days. Surf is a windscreen inspired by the huge power kites that swoop through the sky and offers great shelter for sunbathing and picnics. Shore is a windscreen brought up-to-date with contemporary materials and colours. Completing the line-up, the half-dome Beach is a welcome haven by the sea.

Just Add Sunshine!

Coast

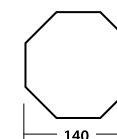

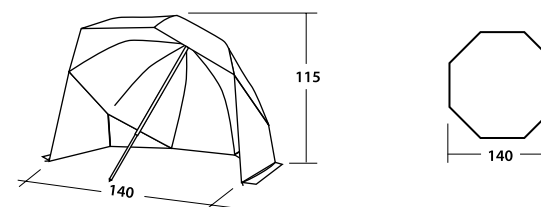

Clever design and contemporary colours refresh the beach umbrella concept with the addition of sidewalls and a detachable groundsheet to round off the full protection offered. Easily carried and opened, Beach comes in a zipped carrybag with handles for versatile shelter that can be adjusted quickly.

 Hydrostatic Head: 500 mm
 Pitching way: All in one
 Floor: 100% polyethylene
 Groundsheet: Detachable groundsheet/side incl.
 Poles: Alu 18 mm
 Pack size: 103 x 4 cm
 Weight: 1.6 kg
 Pieces per carton: 4

CARRYBAG

Ocean

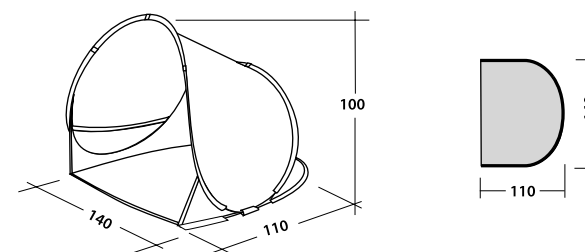

Popping open straight from the circular carrybag, the open-fronted design with integral groundsheet in durable polyethylene ensures protection on three sides from sun, wind and light rain without blocking the view – especially useful with very young children about. Guylines help to hold the shape.

SPECIFICATIONS

Art. no.: 120094
 Flysheet: 180T 100% polyester PU coated
 Hydrostatic Head: 500 mm
 Pitching way: Pop-up, all in one
 Floor: 100% polyethylene
 Poles: Fibreglass 5 mm
 Pack size: 80 x 5 cm
 Weight: 0.9 kg
 Pieces per carton: 4

CARRYBAG

Surf

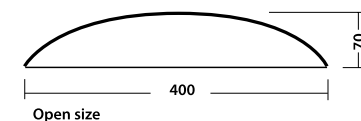

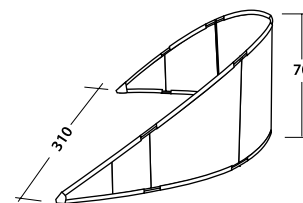

Surf's low-level, U-shaped contemporary design, with its sunshine colour scheme and tapered profile, is a modern version of the traditional windscreen. Plenty of shelter here from the wind for sunbathing and picnics but still easy for parents to stay in touch with young adventurers playing nearby.

SPECIFICATIONS

Art. no.: 120095
 Flysheet: 180T 100% polyester PU coated
 Pitching way: All in one
 Poles: Fibreglass 7.9 mm
 Pack size: 69 x 7 cm
 Weight: 1.2 kg
 Pieces per carton: 6

CARRYBAG

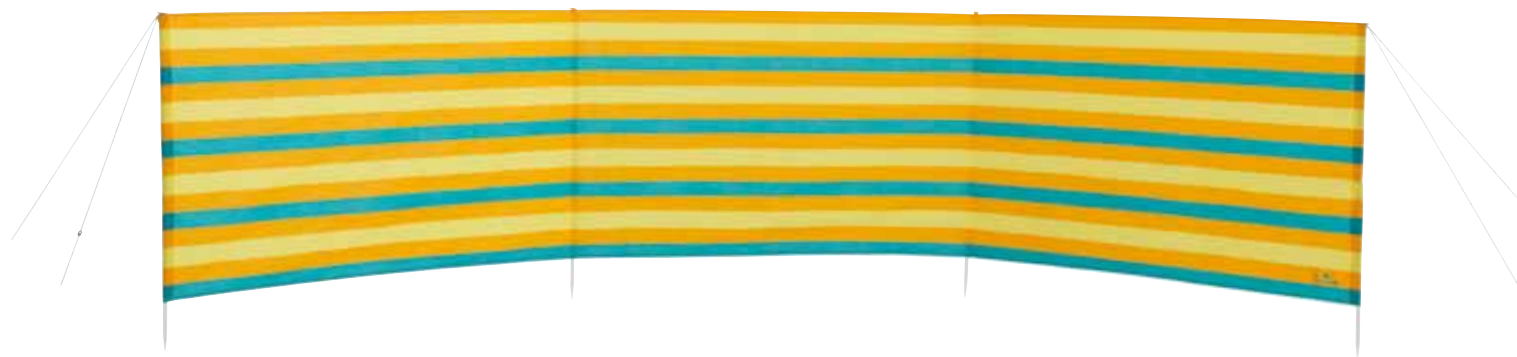

Shore

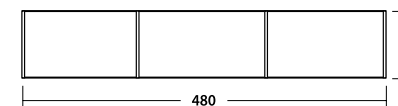

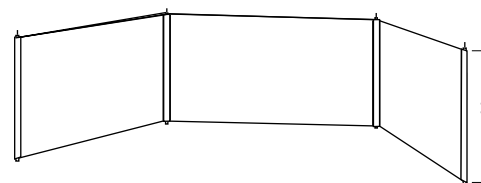

The bright Shore windscreen offers traditional styling brought right up to date by contemporary, sunny colour stripes. Easy to carry and fast to set up, the pole spikes and guylines ensure it stays in place even on sandy shores. It comes complete with a handy zipped carrybag in matching colourways.

SPECIFICATIONS

Art. no.: 120096
 Flysheet: TNT Non woven 100% polyester.
 Pitching way: All in one
 Poles: Steel 16 mm
 Pack size: 100 x 10 cm
 Weight: 1.1 kg
 Pieces per carton: 4

CARRYBAG

Beach

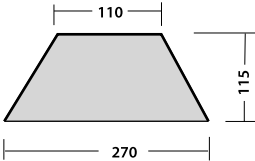

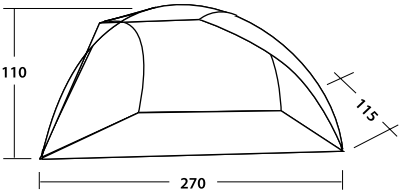

Beach offers half-dome protection in warm, sunny colours from sun, wind and light rain with an integral groundsheet that helps to keep picnics and essential holiday gear sand-free! Comes complete with a carrybag in matching colourways with drawcord closure and long handles for slinging over a shoulder.

The Sleeping bag Range

Bags of warmth and comfort!

A perfect fit for happy campers of all ages

Easy Camp sleeping bags deliver fantastic value for money over a wide range of styles and performance levels in smart contemporary colours. Comfort, style and flexibility run as core themes throughout the lively ranges that help to add peace of mind to family bedtimes on camping holidays.

From new campers and festival fans to families coming back to life outdoors, the carefully designed combinations of materials, components and insulation offer reliable warmth and comfort on site, at home or travelling.

With sleeping bag ranges tailored to our tent ranges and hitting all key price points, making the right choice for all the family and all occasions is easy.

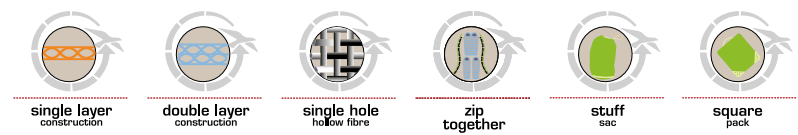

Completing the line-up for a great night's rest, the wide range of options in sleeping mats and travel sheets adds comfort and convenience for all to suit a variety of needs.

SNUGGLE IN!

SLEEP

Specifications

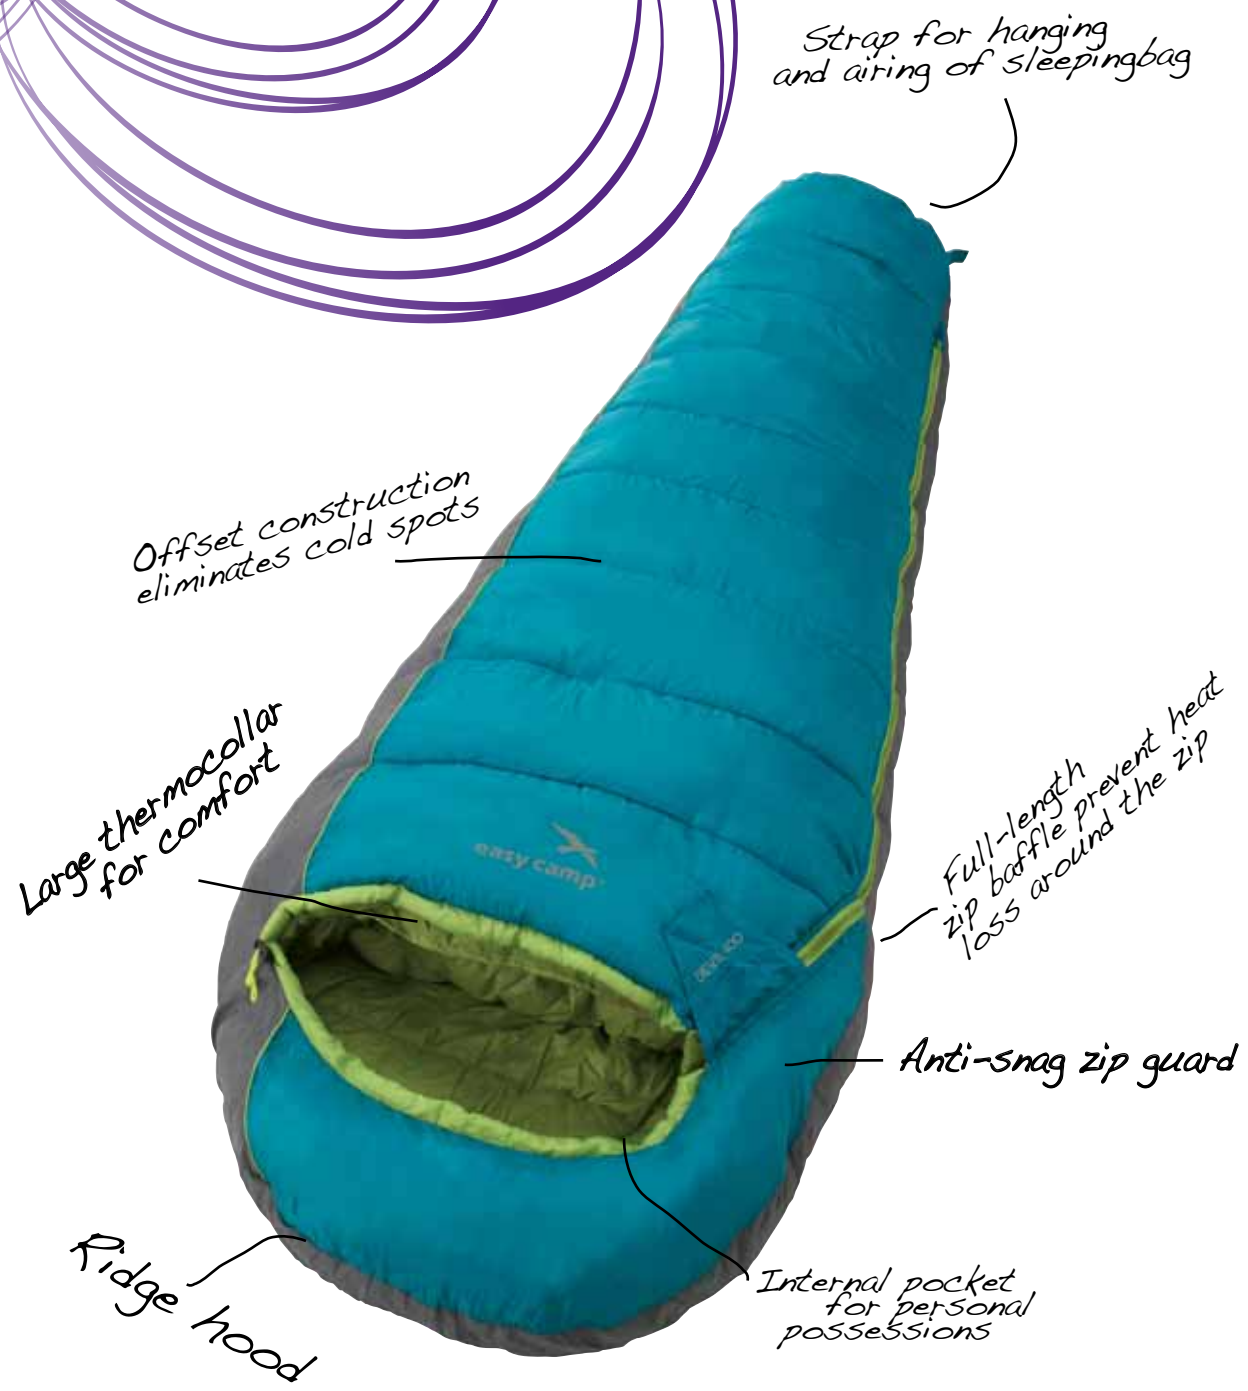

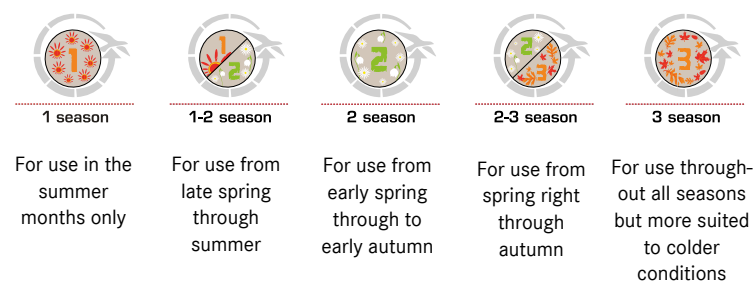

Easy Camp sleeping bags are made from quality materials to tried and tested designs using proven production techniques. Easy to clean and full featured, our sleeping bags will ensure campers enjoy a good night's rest.

Our sleeping bag ranges:

- CARNIVAL:**
Great bags for camping, caravanning, festivals and sleepovers.
- EXPLORER:**
Excellent all-round performance for outdoor adventures.
- GO:**
Top bags, fully featured for up to three-season use.
- TOUR:**
Ideal for our family camping range.

We have season ratings for our sleeping bags to make selecting a sleeping bag easier for both retail buyers and consumers.

EN13537

All our sleeping bags are tested to EN13537 – the official European Standard that defines how to test, measure and label a sleeping bag, with the exception of those designed for military use or extreme temperatures.

EN13537 specifies the use of a computer-controlled thermal manikin in objectively determining temperature limits of a sleeping bag. The manikin is placed in the sleeping bag in a temperaturecontrolled climate chamber.

The sleeping bag is then subjected to tests following a prescribed procedure. The measurements taken are used in conjunction with knowledge of how the human body reacts to thermal conditions during sleep, to create the recommended temperature limits that appear on our sleeping bags.

Tmax: Upper limit of comfort range. The temperature up to which a partially uncovered sleeping bag user (standard man) just does not perspire too much.

Tcomfort: Lower limit of the comfort range down to which a sleeping bag user with a relaxed posture such as lying on the back is globally in equilibrium and just not feeling cold (related to standard woman and in standard condition of use).

Tlimit: Lower limit of which a sleeping bag user with curled-up body posture is globally in thermal equilibrium and just not feeling cold (related to standard man and in standard condition of use).

Textreme: Lower extreme temperature where the risk of health damage from hypothermia occurs (related to standard woman and in standard conditions of use).

CARNIVAL

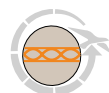

Chakra

The Chakra range has great entry-level sleeping bags for summer camping and festivals offering reliable camping comfort. The simple duvet style with a single layer of polyester fibre insulation, sandwiched between the polyester shell and lining, is ideal for new campers, with colours matching the colour of the three new Funster tents in the CARNIVAL tent range – Green, Black and Aqua. Being rectangular, they can be fully opened.

CARNIVAL

Comic

Matching the Antic tents, the Comic sleeping bags have a single layer of 250g/m² polyester fibre fill for extra insulation and offer camping comfort signature of Easy Camp. The brushed polyester lining is really comfortable and feels warm next to the skin whilst the polyester shell is hard-wearing. Easy to clean, the bags can be unzipped fully to use as duvets or picnic blankets and can be zipped together to make a double sleeping bag.

The Mat & Airbed Range

A good night's sleep really helps to make for a happy camping trip. At Easy Camp, we have a range of solutions to suit all styles of tent living comfort levels in designs that will not let campers down.

From the simplest closed cell foam mats that roll up for easy handling, to inflatable designs that offer a more comfortable sleeping experience, there really is an option for everybody. Self-inflating mats do just that as they can be unrolled and the valve opened so the foam core expands, drawing in air before the valve is tightened; simply open the valve and roll up to deflate. Varying thicknesses, sizes and weights meet all camping needs.

New for 2014, are the Flock Single and Flock Double airbeds in hardwearing PVC with a soft-to-touch velour surface, offering contemporary flair on more traditional sleep solutions.

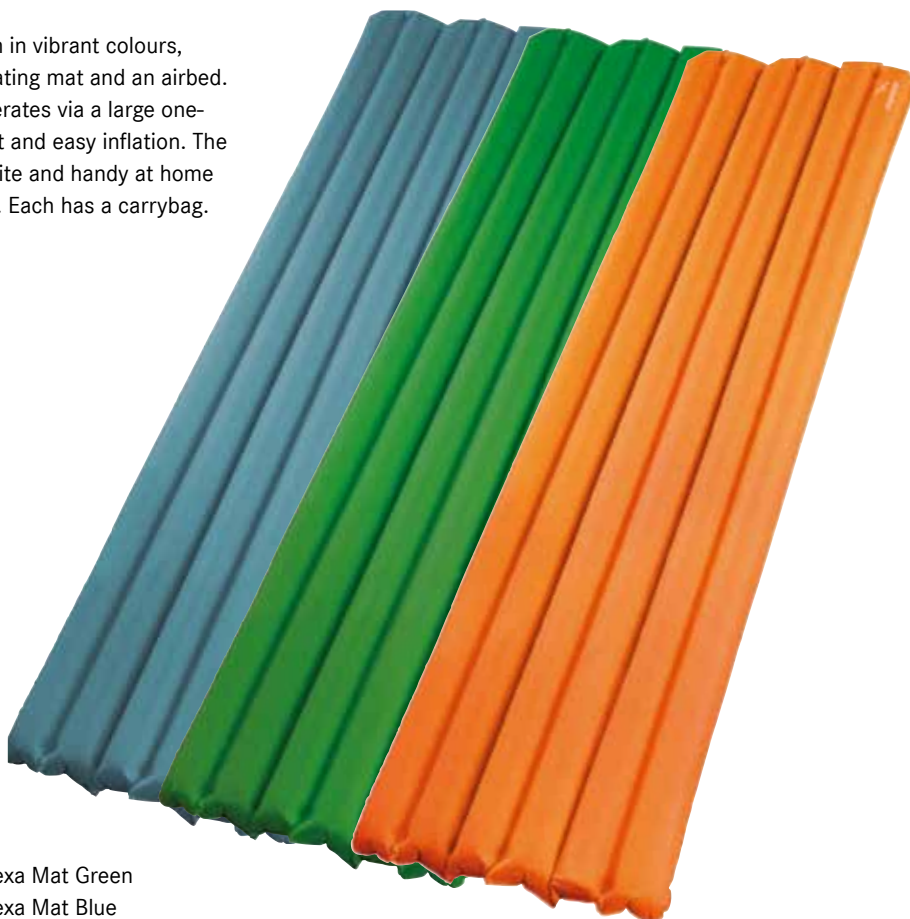

Relax!

We support you in style and comfort

Hexa Mats

A lightweight hybrid design in vibrant colours, which combines a self-inflating mat and an airbed. The built-in foot pump operates via a large one-way air intake valve for fast and easy inflation. The extra comfort is great on site and handy at home for visitors and sleepovers. Each has a carrybag.

Flock Airbeds **new**

With plenty of air between sleepers and ground, the new Flock Airbeds offer comfortable sleeping in Single and Double models. Made from hardwearing PVC material with a soft velour finish, the double-seal valve ensures easy inflation - and deflation only when needed. They are also great for use at home.

FLOCK SINGLE

Art. no.: 300030

Fabric: Flocked PVC, 100% PVC

Open size: 185 x 73 x 18 cm (WxDxH)

Features: Double seal valve, easy to in/deflate,
comfortable flock top

Pieces per carton: 4

FLOCK DOUBLE

Art. no.: 300031

Fabric: Flocked PVC, 100% PVC

Open size: 185 x 135 x 18 cm (WxDxH)

Features: Double seal valve, easy to in/deflate,
comfortable flock top

Pieces per carton: 4

The Rucsac & Daysac Range

Function, form and value are the foundations of the smart, practical packing and carrying solutions from Easy Camp. From daysacs to large holdalls, there's a design to suit most needs – in town, on site and travelling.

With rucsacs, daysacs, holdalls and more, Easy Camp has the answer when it comes to packing and carrying on site, around town, hiking, backpacking or travelling. All at great value-for-money price points. There is sure to be a luggage solution for all campers, whatever their age, in the smart, practical ranges where carrying capacity and features are carefully balanced to suit function.

Attention to detail is apparent throughout the rucsac and daysac ergonomic designs from the choice of fabrics and components to contoured shoulder straps, technical back ventilation systems, hydration bladder storage and mobile media player outlets. All with colour flair.

Versatile, tough and durable, the Easy Camp duffle and holdall designs feature the same attention to detail and outstanding value seen throughout the ranges.

Pick up 'n' go!

Great value
bags for all
occasions

The ranges

CARNIVAL:

New for 2014, the Cross 15 joins the line-up with the same spec (and a smaller capacity) as the Trance 22 models which enjoy new colourways. Pixel 30 offers enough room for all the gear needed on long day hikes. Campers and travellers will revel in the size and practicality of the Reel Duffles.

EXPLORER:

The new Traverse 28 models join the Dayhiker designs to offer a wider choice of contemporary multi-function style for all-day practicality. The larger capacity of the two Summit models and the host of features make them ideal partners for trekking and backpacking trips. Traveller 60 marries the function and capacity of a holdall with the versatility of a backpack to deliver packing and carrying solutions for all.

GO:

The flexible Shade 10 designs are perfect for fast-moving outdoor adventures whilst the new Mist 12 shoulder bags are great for urban adventures. Soul 30 daysacs are up to the demands of day hikes and travel adventures whilst the larger Spectre 40 models are great for the demands of family day walks and trips. With a women-specific option, the Matric series offers a range of capacities with adjustable back lengths.

TOUR:

Focused on practical packing and comfortable carrying, new materials and sizes update the fully featured Holdall WP 65 and Lite 45 which complement the Holdall 65 and its big brother Holdall 85.

The Easy Camp icon system offers a quick visual summary of key features that helps to sell the product.

back length adjustment

The rucsac harness can be adjusted to suit back length

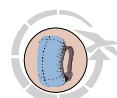

cool mesh

Back system incorporates a mesh panel to aid ventilation and comfort

air mesh

A mesh panel aids airflow to keep the back dry and comfortable

rain cover

A cover is supplied to protect the rucsac and contents from the rain

twin compartment

The main compartment is split into two for easy packing and efficient load carrying

pole carrying system

External straps provide an effective way to carry walking poles when not in use

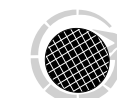

hydration compatible

An inner sleeve pocket and tube portal allow the use of a hydration bladder

flat woven

Made from hard wearing polyester fabric

ripstop

The polyester fabric is inter-woven with reinforced threads for strength

The Furniture Range

Chairs, tables and storage help to make tent life much more enjoyable and Easy Camp has them all and more at very affordable prices. Comfort and durability are central to all designs with ease of use a clear priority – all assured through an enviable expertise in sourcing quality materials and in the manufacturing process.

Camp furniture has to be easy to transport so all designs take up little space for the function offered – a real bonus in these days of smaller cars. Allied to the practical considerations are the styles and colourways that brighten any campsite. For 2014, there is the new Outdoor Furniture range, bright new Beach Furniture matching the SUMMER tent range, the new range of three Cupboards, new tables and picnic tables plus a host of new Accessories.

**Eat, chat,
relax!**

**Easy tent living
from all angles**

Outdoor Furniture

Complementing the EXCURSION and MOTOR TOUR ranges in smart dark grey and white stripes with a thin turquoise stripe accent colour, the new Outdoor Furniture range offers reliable, sturdy designs that add welcome comfort to any camping holiday. All have light aluminium frames, with steel reinforcement where appropriate, durable, easy care Textilene fabric and can be folded flat for carrying and transport. The Spica and high-back Capella armchairs have eight positions of seating adjustment with the Hydra camp bed offering comfortable sunbathing and sleeping.
